Rooftop solar rebate

Randwick Council is providing a rebate of up to \$2,000 for installing rooftop solar. Almost 1 in 4 houses in Australia already have rooftop solar, and over 3,000 of them are here in Randwick.

Eligibility criteria

- Only available for houses, units and businesses³ in the Randwick Local Government Area.
- **Houses** – rebate is \$100 per kW to a maximum of \$500.
- **Businesses and units (individual system)** – rebate is \$100 per kW to a maximum of \$1,000.
- **Units (common area or multiple systems)** – rebate is \$200 per kW to a maximum of \$2,000.
- Limit of one per dwelling.

¹Terms and Conditions apply. ²Savings are estimates only. ³Businesses using less than 275 kWh/day only. kW (kilowatt) is a measurement of a rooftop solar systems size. Rebate amount cannot exceed 50% of invoice cost.
