# Solar battery rebate

Randwick Council is providing a rebate of up to \$500 for installing solar batteries in houses, units and businesses<sup>1</sup>. Solar batteries capture the excess electricity from your solar panels for use when you need it most.

## Eligibility criteria

- Only available for houses, units and businesses<sup>3</sup> in the Randwick Local Government Area.
- Must be connected to an existing or new solar PV system.
- Rebate is \$100 per kWh to a maximum of \$500.
- Limit of one per dwelling.

<sup>1</sup>Terms and Conditions apply. <sup>2</sup>Savings are estimates only. <sup>3</sup>Businesses using less than 275 kWh/day only. kWh (kilowatt-hour) is a measurement of battery's storage capacity. Rebate amount cannot exceed 50% of invoice cost.
